

# Welcome to YorMed

YorMed has been trusted with looking after patients across Yorkshire for over 10 years. With our HQ in the City of York, we cover a wide area, providing high standards of care and service. We are a reliable provider, experienced in working with both public and private organisations, and tailoring provision to meet their needs.

We would be delighted to hear from you to discuss your requirements. We look forward to working with you!

# Patient Transport Services

We provide ambulance transport solutions for the NHS, Local Authorities, Councils, Social Services, and the Private Sector; and we specialise in:

- Hospitals and other medical facilities, including admissions, interfacility transfers and discharges
- Nursing Homes, Care Homes and Respite Care Centres
- Appointments, including when a client may need a return journey home afterwards
- Long distance travel
- Airports
- Transfer of a client in their own home - for example to new bed facility downstairs

**Our fleet of modern vehicles provide safety, comfort and flexibility to the client's needs:**

## **Car Vehicles**

Modern, spacious saloon cars for walking patients

## **Wheelchair Accessible Vehicles**

Ambulances fitted with a ramp and floor tracking. Patients can travel safely and securely without having to transfer from their own wheelchair

## **Stretcher Vehicles**

Modern high-spec vehicles, with stretcher facility and additional seating for an escort such as a carer or family members

## **Bariatric Vehicles**

State of the art vehicles equipped with the Ferno Megabus stretcher. This option enables us to transport heavier or larger patients both comfortably and securely. For more information please see the Bariatric Transport Services section of the brochure

**All our non-emergency staff undergo the following training:**

- Intensive Ambulance Care Assistant Course, including driver training
- Enhanced DBS (Disclosure and Barring Service) checks
- Emergency First-Aid
- Infection control
- Patient handling
- Health and Safety Awareness
- Dementia Awareness
- Safeguarding Vulnerable Adults and Children
- AED (automated external defibrillator) training
- Oxygen Therapy

# Bariatric Transport Services

YorMed has been undertaking specialist bariatric patient transportation since 2012, and is committed to providing a safe dignified transport solution to those whose weight or condition requires this kind of specialist transport. Our equipment and vehicles are capable of safely conveying clients weighing up to 400Kgs or 63 stones.

## What we provide:

- Two dedicated bariatric ambulances
- Ferno Megabus specialist bariatric stretchers
- Experienced crews, all trained in manual handling (further staff training information can be found in the Patient Transport Services section of the brochure)
- Long distance transport
- Short notice transport
- Out of hours transport

For further information please contact us on **01904 819018**  
email [info@yormed.co.uk](mailto:info@yormed.co.uk)  
or visit our website at [www.yormed.co.uk](http://www.yormed.co.uk)

# End of Life and Palliative Care Transport

YorMed has provided transport for Palliative Care and End of Life patients since 2011, and offers a flexible, dignified, safe and compassionate service for those approaching end-of-life.

## What we provide:

- Modern, comfortable vehicles, equipped with a stretcher and additional seating for up to three companions or carers
- Experienced staff with additional training in working with End of Life and Palliative patients (further staff training information can be found in the Patient Transport Services section of the brochure)
- Oxygen Therapy, including High Flow
- Short notice transport
- Long distance transport
- Out of hours transport
- Comfortable stretcher with pressure-relieving mattress
- A flexible and responsive service allowing patients to reach their preferred place of care with the minimum delay
